## 4 Abstract

5 This is the abstract.

## 6 1 Introduction

7 Fig. 1 is the A-figure by Einstein (1905).

Figure 1: Example A-figure.

8 Fig. 2 is the B-figure (Einstein, 1905).

Figure 2: Example B-figure.

9 **1.1 This is a section title with an equation in it; namely  $\delta^{18}\text{O}$**

10 Fig. 3 is the A-figure again.

Figure 3: Example A-figure again.

11 Tab. 1 is a table example.

Table 1: This is the caption of a table example.

Item		
Animal	Description	Price (\$)
Gnat	per gram	13.65
	each	0.01
Gnu	stuffed	92.50
Emu	stuffed	33.33
Armadillo	frozen	8.99

## 2 Results

Tab. 2 is a longtable example.

Table 2: This is the caption of a longtable example.

Animal	Description	Price (\$)
Gnat	per gram	13.65
Gnu	stuffed	92.50
Emu	stuffed	33.33
Armadillo	frozen	8.99

## References

## Appendix A

Fig. A1 is an appendix figure with a specific appendix prefix.

Figure A1: Example figure with a specific appendix prefix.

20 Tab. [A1](#) is a longtable example with reduced row height and specific appendix prefix.

Table A1: This is the caption of a longtable with reduced row height example with a specifix appendix prefix.

Animal	Description	Price (\$)
Gnat	per gram	13.65
Gnu	stuffed	92.50
Emu	stuffed	33.33
Armadillo	frozen	8.99

21 Tab. [A2](#) is a longtable example with reduced row height and line breaks in the table headers and  
 22 a specific appendix prefix.

Table A2: This is the caption of a longtable with reduced row height and multi-row table headers example with a specifix appendix prefix.

ID	Database name	Size (MB)	No. of records	Time stamp 1st record	Time stamp last record
1	dummie	2.1	33	dummie	dummie
2	dummie	4.3	67	dummie	dummie

23 Text default size after the longtable with the reduced font size.

24 Tab. [A3](#) is another longtable example with reduced row height and line breaks in the table headers  
 25 and a specific appendix prefix.

Table A3: This is the caption of a longtable with reduced row height and multi-row table headers example with a specifix appendix prefix. Note the escape of the [ symbol with {} in the 5th header. This is necessary since the linebreak shall be just before the [ symbol. [This is a href in a caption.](#)
